Subject: NCHGW RD reference citations - could you take a look at this
[Draft RD SOW Guidance list NCHGW.docx](#)

Pete,

For the NCHGW SOWs, I've pulled together a list of reference citations for the RD from EPA's website.

Could you take a look at the attached and let me know if anything comes to mind that is missing from this list? Or if you think anything shouldn't be on here.

I didn't have an example (like I did with the RI/FS reference citations) to compare. The office seems a little light today so I'm not sure which other RPMs to ask if they have such a list. Let me know if another site who may have had such a list comes to mind.

Thanks in advance,
Jen
